## Bishop Gun Club

### BPCRS

April 22, 2017

It was an exceptionally mild day for Bishop, ranging up into the low 80's, starting out calm for the first relay. By the third relay some shots were dropping in halfway between animals while the spotters were seeing no evidence of change. At least we had a good turnout for the first time in what seems like forever, and some great socializing occurred as a result, even if the shooting wasn't quite as good as might have been hoped! Jim took down four chickens again for the second month in a row, but the turkeys took their revenge upon him it seems. Meanwhile, I do believe my personal worst for pigs was set this day, with the exact same load that I took nine rams with ... so go try and figure that one?!?!

Hope to see you all, and more, for next month's shoots, scheduled for the 20<sup>th</sup> & 21<sup>st</sup> of May ..... See Y'all then!!!
